## Executive Summary

An automated investigation of endpoint **export-host** identified 1 detection(s) across 1 ATT&CK tactic stage(s). The overall assessment is **MEDIUM**: SUSPICIOUS ACTIVITY REQUIRES REVIEW. Recommended actions: preserve evidence manifests (section 7), review the attack chain (section 3) and technical annex (sections 5-6), and apply containment through the approval workflow if compromise indicators are confirmed. All timestamps are normalized to UTC.

## Detection Analytics

Detections per hour - last 24 hours (UTC):

Observed Attack Chain (Source of Compromise)

| # | Tactic    | Techniques (click ID for MITRE reference) | Observed Window (UTC)                        |
|---|-----------|-------------------------------------------|----------------------------------------------|
| 1 | Execution | <a href="#">T1059.001</a> PowerShell (x1) | 2026-08-27 22:14:06<br>→ 2026-08-27 22:14:06 |

ATT&CK Coverage Matrix (observed tactics highlighted)

|                   |                      |                  |             |                     |                      |                 |
|-------------------|----------------------|------------------|-------------|---------------------|----------------------|-----------------|
| Reconnaissance    | Resource Development | Initial Access   | Execution * | Persistence         | Privilege Escalation | Defense Evasion |
| Credential Access | Discovery            | Lateral Movement | Collection  | Command And Control | Exfiltration         | Impact          |

\* = tactic observed on this host

Technical Annex - Key Detections

| Time (UTC)          | Type  | Rule                                 | Sev  | MITRE                     | Detail                                                                                                                                   |
|---------------------|-------|--------------------------------------|------|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
